Memorandum for: The Director

Subject: Amendment to the Atomic Energy Act.

1. This memorandum is for information only.

2. I have been informed by the Executive Director of the Joint Committee on Atomic Energy that S. 4203, which was unanimously reported by the Committee on July 11th, contains the amendment to Section 143 permitting the exchange of Restricted Data between "Q" cleared personnel and certified personnel in the Department of Defense. Although we cannot be sure, there is every hope that this bill will receive favorable action prior to adjournment.
